Terra Haute and Indianapolis ASSETS OVER - - - - \$800,000.

THIS ENTERPRISING COMPANY, IN A LITTLE over six years, has issued over 13,000 Policies and paid near \$200,000 in Losses. It is prompt in all its business transactions, paying its losses as cheerfully as it receives the premiums on its policies, departing in no respect from the general principles upon which all the great Mutual Life Insurance of America have based their success. It claims the advantages of increases rates of interest on its investments, over Eastern Com-panies; and, also, a less rate of mortality than is expe-Lafayette and Indianapolis Railrienced in the East-two very important items to consider in the selection of a Life Insurance Company. Over two bundred of the Northwestern Policies are now
